

**Atkinson Center
for a Sustainable Future**

The Atkinson Center and Environmental Defense Fund Internship Program

Seeking Graduate Students and Qualified Undergrads for Summer 2016

This is an exciting opportunity for young scholars to contribute to finding solutions to today's urgent environmental challenges, while working with leadership at one of the nation's top results-oriented nonprofit organizations. EDF advocates using sound science, economics, and law to find environmental solutions that work.

These paid fellowships/internships will begin in summer 2016 for approximately 10 weeks in EDF offices in Boston; San Francisco; Washington, DC; and New York City. Graduate students and qualified undergraduates are encouraged to apply.

Application Deadline: April 21

Decisions: Late April

Please review the full description of the individual internship by following the links below.

- Submit applications by email to Paula Euvrard, pge3@cornell.edu.
- Attach your application as a single PDF file.
- Application must include a **cover letter** addressed to the EDF contact with a brief explanation of your qualifications and interest, followed by your **CV or resume**.
- Optional: you may include a brief writing sample.
- You must attach a separate PDF file for each internship, if applying for more than one.

The Atkinson Center will review the applications and forward top candidates to Environmental Defense Fund.

Atkinson-EDF Summer Interns
