Where | Marriott Courtyard Hotel

Address | Ul Uniwersytecka 13, Katowice

Lunch will be served and space is limited.

Please RSVP by 5, December 2018 with your name and affiliation to Melanie.Pisano@fao.org

About |

GACSA members share recommendations for implementing Koronivia Joint Work on Agriculture, Gender Action Plan, and NDCs, as they relate to climate-smart agriculture (CSA).

Discussions will delve into the possibilities for CSA to support the implementation of international agreements aimed at safeguarding food security and ending hunger and mainstreaming gender perspectives in all mandated areas of its interventions, such as Koronivia Joint Work on Agriculture, Gender Action Plan, and countries on the implementation of NDCs. Focus will be on current in-country examples of CSA practices, recommendations and success stories.

The discussion will be guided by the following questions:

- What is your institution doing to support Parties in the development of the Koronivia Joint Work on Agriculture, Gender Action Plan, and NDCs, as they relate to CSA?
- What are the positive effects to include CSA in policy strategies?
- What is the one recommendation that you will provide for implementing the Koronivia Joint Work on Agriculture, Gender Action Plan, and NDCs?
- Where are successful examples of CSA in your region?

Agenda |

12:00pm Welcome and workshop goals

12:10pm Perspectives from different institutions and sectors

1:20-1:50pm Q&A and discussion

1:50-2:00pm Wrap up
